

OPI Manager for CS3 available

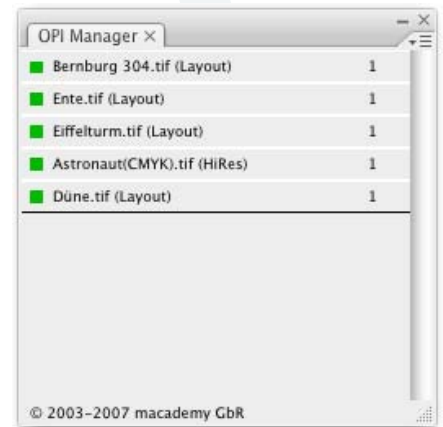

A first beta version of OPI Manager 3.0 for use with InDesign CS3 is available from now.

Please register in our download area at www.macademy.de.

This beta contains some limitations. Please read ReadMe file that comes with the download to get details.

Product activation is not required for this beta. It can be evaluated until 08-31-07.

Please send any bug reports or comments regarding this beta version to beta-test@macademy.de.
